2. Talked with Samuel Archibald and Robert Cell of the Special Subcommittee on Government Information of the House Committee on Government Operations. The subject of the discussion was the letter to Chairman Moss on 2 January 1958 signed by General Cabell. Discussions with FDB and OCR had previously indicated that the figures in that letter were inaccurate. After the discussion it was agreed that the Subcommittee would initiate a letter requesting further information.

3. Visited with Miss Gallagher in the office of Senator Moblitzell who said the Senator had been delayed in returning to Washington. She will call me later.

4. Talked with Roy Bullock on the staff of the Subcommittee on Inter-American Affairs of the House Committee on Foreign Affairs. Received from him a letter to the DCI signed by Thomas E. Morgan, Acting Chairman of the Committee, with reference to CIA representatives appearing next week.

5. Robert Cell asked if we had any information about the International Information Conference to be held in Washington in August 1958 at which a Russian delegation will be present. He specifically had in mind whether or not they would have any announcements or whether they had made any progress in machine translation. This will be checked and he will be advised further.

6. Met with Mr. Borel and Col. Cain for preliminary discussions on the handling of our appearance before Senator Humphrey's subcommittee of the Senate Committee on Government Operations. Background material was provided Mr. Borel and further discussion will await the receipt of a formal invitation from the Committee.
